

AAT affiliation fees

When the current Responsible Finance Officer (RFO) was appointed we required that they were AAT or equivalent qualified.

The current RFO is AAT qualified and therefore has to pay a membership fee in the region of £130 pa.

As the current RFO only works 8 hours per week he has asked whether we still require him to be a member of AAT and if so are the Council willing to pay or contribute towards his membership of this professional body.

The RFO does not feel that he is gaining from being a member of the AAT at the present time and was therefore looking at cancelling his membership.
