

Request from the Police to part fund a PCSO

The Clerk has received a request from Inspector Willoughby and Sergeant Jones at Hythe Police Station to consider the funding of a PCSO in Marchwood.

The contribution would be the same as before £7000pa.

Below is the email from Sgt. Jones:

As discussed at our meeting last week. Can you please speak with the Parish Council and ask that they support the funding of a PCSO to the amount of £7000 as originally agreed under the same contract. Local communities and the Police relish the good work and support that PCSO's provide. In order that we can continue to retain PCSO's we encourage funding support from local Parish Councils so that we can jointly maintain this enhanced visible presence within our communities in these times of austerity.

Can I also ask you to review the continued funds for a PCSO for this current financial year and let me know if your Council will be willing to support this application. If so I have the contract in readiness for signing.

Your support in this matter is greatly appreciated. Thank you
