

COUNTRY WATCH

Western Weekly:

17th April 2014

Colleagues,

This week's newsletter comes to you a day early due to the Easter break. Next week I am taking a short break and PC Scott Graham will be sending you the newsletter.

Please take extra care if walking in the New Forest or parking your car at beauty spot car parks over the Easter weekend as with an increase in visitors, we are likely to see an increase in thefts from vehicles in these areas. Don't leave your possessions in the car, not even if you have hidden them.

Spring is also likely to see the emergence of foals over the next few weeks so please be on the look out for them on the forest and bear in mind when you are driving along unfenced forest roads.

The improvement in the weather will also see people letting their dogs out into their gardens unattended. Please keep an eye on them. There are dog thieves about and also check your gates and fences to ensure they cannot escape. We are still receiving reports of dogs worrying livestock.

Have a lovely Easter and please take care on the roads which are likely to be busy over the weekend.

Kind Regards

Debby Holman
Western Country Watch Sergeant
