

## **New Forest Accredited Community Safety Officer's (ACSO's) Weekly Community Bulletin**

**20<sup>th</sup> September 2013**

Good evening,

Due to some technical issues this week I am unable to bring you the weekly crime/incident stats as I usually do but have supplemented this with some year to date stats instead. Hopefully we will be back to the standard layout and information next week. I have been assured it will be back to normal early next week. All the other information remains the same as previous weeks so hopefully this will still be useful and of interest.

### **Hampshire and the Isle of Wight Older Drivers Forum will be holding Older Driver Awareness Events during week commencing 23 September 2013.**

At these events you can get advice on:

- Brushing up your skills
- Booking a driving assessment
- Arranging a regular eyesight test
- Getting advice on health and well being issues that could affect your driving ability
- Renewing your licence at 70
- Learn more about road safety and the consequences of not being fit to drive
- Discover alternatives to driving and staying independent without a car
- And much more

The Older Drivers Forum consists of various organisations who have a wealth of knowledge and experience of different aspects of driving from licencing and medical conditions through to arranging for a driving assessment or even supporting those who need to give up driving.

The aim of the Forum is to keep mature drivers driving for as long as they are safe to do so by offering any necessary support or advice.

Fragility increases with age, so injuries tend to be more serious and recovery takes much longer. Casualty rates do increase for car drivers aged over about 65, and the fatality rate increases significantly.

The venue for this event in The New Forest, which starts at 10.00 am and finish at 4.00 pm is shown below.

#### **Thursday 26 September - New Forest**

Milford on Sea Village Community Centre, Sea Road, Milford on Sea, SO41 0PH

# COUNTRY WATCH

**Western Weekly:**

**19<sup>th</sup> September 2013**

Colleagues,

The Western Country Watch team have had an extremely busy week:

Last Thursday I provided a train-the-trainer day for our training department who are going to be responsible for delivering rural crime training across the force in the coming months. It was an opportunity for them to go through the information for the training sessions to ensure the legislation and powers are correct, and for me to provide tactical advice about practical policing experiences that officers on the ground will be able to relate to.

Last Friday I attended the South East Regional Wildlife and Environmental Crime Partnership meeting. This provides a forum for all of the Police forces from the South East region to get together, and to engage with Natural England, Environment Agency, RSPCA, IFSEC and the National Wildlife Crime Unit. Various discussions took place around a number of topics and individuals were identified who are carrying out criminal activities across Police force borders.

On Saturday Scott and I attended the Romsey Show. We were joined by our colleagues from the Firearms Licensing Department and were able to answer many queries posed to us. Thank you to all who came to see us on the stand.

On Sunday Scott and I were at the Hampshire Country Sports Day in Alresford. Once again we worked with colleagues from our Firearms Licensing Department. During the day we had several hundred visitors to the stand and assisted over 140 members of the public with specific firearms and shotgun related queries. A huge amount of work has been done in the last twelve months to address the issues previously experienced within the firearms licensing department with unacceptable delays. The feedback we received at the recent shows is evidence in itself that the department has made huge improvements. Thank you to those who took the trouble to visit us to tell us that we're starting to get things right! You're all too quick to let us know when we get things wrong!

Tuesday morning saw the team assisting the Agisters and commoners by carrying out traffic control at a pony drift. This helps to ensure the safety of riders taking part in the drift, ponies being drifted and other road users.

Tuesday afternoon was taken up with a meeting with the Environment Agency Fisheries Department. We are keen to work with them to identify those individuals committing this type of crime. Scott will be busy developing intelligence packages on those of interest with a view to carrying out future partnership operations.

On Wednesday I assisted our Training Department to deliver the first of the Day 2 sessions of the Rural Awareness Course. The input was well received by Officers with a few minor tweaks required to the information provided. Between now and January 2014 we will train over 1200 front line Police Officers and staff who are working in your rural communities.

During the week Alan and I have also attended two meets of the New Forest Hounds who have been out enjoying the early morning Forest.

In addition to all of the above commitments we have continued to conduct site visits, provide security advice, undertake reassurance patrols in our vulnerable locations, respond to incidents reported to us and keep on top of the day-to-day tasks required of us.

Not bad for a team of three!! (Jim has been on leave for three weeks).

Louise.

Sergeant Hubble.

### **Theft From Motor Vehicle**

- 13/09. Puttlesbridge. A handbag stolen from the boot of a secure vehicle.
- 14/09. Lymington. Cash stolen from a glove box in an insecure vehicle.
- 15/09. Fordingbridge. A handbag stolen from under passenger seat in a secure vehicle.
