Four arrested in Operation Fortress warrants in Southampton and the New Forest

Published: Wednesday, June 26, 2013

Four people have been arrested following a series of drugs warrants in Southampton and the New Forest.

The warrants were conducted as part of [Operation Fortress](#), the campaign to reduce the harm of drug-related violence.

Between 7.30am and 9am today, officers executed warrants at four addresses on:

Cuckmere Lane, Southampton
The High Street, Lyndhurst
Winsor Road, Winsor
Treagore Road, Calmore

Three men, two aged 27, one aged 23, were arrested on suspicion of being concerned in the supply of class A drugs. A 22-year-old woman was arrested on suspicion of possession with intent to supply.

All remain in police custody at this time.

Officers from the Safer Neighbourhoods teams have been delivering leaflets in the local areas to let people know about the police activity this morning.

Concerned about drug-crime where you live? Living in fear or debt because of drugs? Worried about a loved-one's drug use? [Click here for details of support services available.](#)

INDEPENDENT CUSTODY VISITING

Independent Custody Visitors are members of the local community who visit police stations unannounced to check on the treatment of detainees, the conditions in which they are being held and that their rights and entitlements are being observed.

Who can be an Independent Custody Visitor (ICV)?

Subject to certain exceptions anyone can apply to be an ICV. Visitors must be more than 18 years old, have been resident in the UK for at least three years prior to the date of application and currently reside in Hampshire or Isle of Wight. No special skills are required as full training and support is provided, however Custody Visitors should be good listeners, non-judgemental, unprejudiced and generally have an interest in the community and the welfare of the people detained in police cells.

When and where are visits made?

The actual timing of visits is entirely a matter for the pair of visitors, but should be random and unannounced (this includes evenings and weekends). ICVs visit custody suites in Aldershot, Basingstoke, Winchester, Fareham, Portsmouth, Waterlooville, Lyndhurst, Southampton and Newport, Isle of Wight.

What happens when ICVs make a visit?

ICVs visit police stations in pairs. The custody officer or a member of the custody staff accompanies visitors during the visit, but should normally remain out of hearing during discussions between visitors and detainees. The visitors conduct a short interview with the detainee, asking about their treatment whilst in custody. ICVs must maintain their independence and impartiality. They do not take sides but look, listen and report on what they find in the custody suite. Visitors are also allowed to inspect other parts of the custody suite including the kitchen, medical room and washing facilities.

Reporting procedures

A report is completed after each visit. Copies of the reports are provided to the police and the Office of the Police and Crime Commissioner for Hampshire. Appropriate action will be taken to address any matter identified during a custody visit.

Join up

There are currently 58 ICVs across Hampshire and Isle of Wight. Members of the community wishing to become an ICV need to complete an application form which is returned to the Scheme Administrator. A shortlisting and interview process is undertaken and successful applicants need to attend a one day training session. Ongoing training is provided.

Western Weekly:

27th June 2013

Colleagues,

This has been a busy week for the team catching up with everything after last week's conference. Scott has been busy clearing work prior to going on leave at the weekend, and Jim has been catching up with work after returning from leave.

Today I am attending Netley Training Headquarters to liaise with the training department in relation to the Rural awareness Course. This will be delivered to over 1000 Police Officers and Police Staff working in rural areas throughout the Force. Chief Constable Marsh is hoping to commence roll out of this training in September 2013.

This evening I will be attending the Firearms Stakeholders Meeting, also at Netley. This will be chaired by the Deputy Chief Constable and gives key stakeholders from the shooting communities an opportunity to receive updates on the work that has taken place during the firearms review. Much has been achieved in recent months to reduce the time taken to process applications, renewals and variations.

Louise
Sergeant Hubble.
