

## **New Forest Accredited Community Safety Officer's( ACSO's) Weekly Bulletin**

Week Ending Friday 24th of May 2013

### **Partnership working delivers real results**

**21 May 2013**

Two individuals have been charged with arson in the New Forest area as a result of the joint working between Hampshire Fire and Rescue Service and Hampshire Constabulary

The charges come out of two separate car fire investigations in Fawley and Totton.

The first car fire took place on 6 May in Dayrell Close, Totton. The joint working between the police and the fire service drew conclusions to the cause of the fire being deliberate. Due to the burn pattern and damage caused, the fire investigation found that the fire started in the area of the rear offside of the car where the petrol tank and filler opening is located.

Station Manager Mick Thompson said: "This was a serious incident as there was the potential for the fire to spread to the property with threat to life as two children and one adult were asleep in the house at the time of the incident."

The cause of the second car fire, which took place on 9 May in Furzey Close, Fawley, has also been found to be deliberate with the fire starting in the passenger compartment of the vehicle with possible signs of forced entry.

Station Manager Thompson added: "It was because of the joint partnership between Hampshire Fire and Rescue Service and Hampshire Constabulary that we were able to determine the cause of the fires which has led to two arrests."

### **Ringwood cash in transit robbery two arrested**

Published: Thursday, May 23, 2013

*Hampshire detectives today arrested two men in London in connection with the theft of a cash box outside Lloyds TSB, High Street, Ringwood, on February 1.*

Detectives from Lyndhurst arrested a 25-year-old man from Islington and a 26-year-old man from Camden. Both men are being held at Lyndhurst police station.

The robbery occurred as a security guard was delivering cash to the bank. Two men arrived on a motorcycle and took the cash box.

## Totton burglary brings police appeal

Published: Wednesday, May 22, 2013

**Detectives at Lyndhurst are appealing for information after vehicle keys, a van and other property were taken in the burglary of a house at Salisbury Road, Totton.**

Sometime between 00:30 and 7.30am Sunday, May 19, a burglar forced the front kitchen window of the house, as the residents slept.

The burglar took keys to a van and car, a woman's purse, a Bose I-pod dock and a Sony camcorder before leaving by the front door.

Using the stolen keys, the burglar took a white Mercedes Sprinter van containing £10,000 worth of tools and specialist equipment. The van has a KM 08 WLZ registration.

Detective Constable Mark Bradley is leading the burglary investigation. He said:

"The Mercedes van has a distinctive metal box style roof rack. Have you seen the vehicle or been offered any expensive tools cheaply? Did you hear or see any suspicious activity in Salisbury Road in the very early hours of Sunday morning?"

RMS Number: 44130180683

### Can you help?

Anyone with information is asked to contact Detective Constable Mark Bradley at Lyndhurst CID on 101 or call the Crimestoppers charity anonymously on the number shown below.

# COUNTRY WATCH

## Western Weekly:

23<sup>rd</sup> May 2013

Colleagues,

Last Saturday Western Country Watch and Northern Country Watch attended the Countryside Open Day at Sparsholt College with colleagues from our Firearms Licensing Department. We had a warm welcome and answered many questions about rural issues, Country Watch and firearms queries.

We currently have a number of travellers in our area, especially around Chandlers ford and Romsey, please remain vigilant and report any suspicious incidents on 101.

### **Country Watch Conference Update (19<sup>th</sup> June 2013):**

Registration forms are coming in fast, places are limited so please complete your application and e-mail them to me at the earliest opportunity.

Police Constable 20023 Graham.

#### **Poaching**

- 17/05. Dunbridge. Roe deer killed by dogs, males seen to run off prior to Police arrival.

#### **Rural Arson**

- 20/05. Fawley. HFRS called to car fire.

#### **Off-Road Vehicles**

Nothing this week

### **Fly Tipping**

- 19/05. Sluffers. Garden and domestic waste.
- 19/05. Fritham. A stereo, fence post and domestic waste.
- 19/05. Cadnams Pool. Garden waste.
- 20/05. Roger Penny Way. Old duvets, rugs and domestic waste.

### **Theft From Motor Vehicle**

- 17/05. Fordingbridge. A £300 winch and a solar car battery charger stolen from a secure works vehicle
- 17/05. Ringwood. A Honda generator stolen from a secure works vehicle.
- 22/05. West Wellow. Whacker plate and two excavator buckets stolen from the rear of flat bed lorry.
- 22/05. Holbury. A Dewalt nailer, two Makita power drills and a Trend router stolen from a secure works vehicle.

### **Rural Theft**

- 16/05. Lymington. £1000 Jet washer stolen from secure compound.

## New warning to be 'tick aware'

A campaign designed to remind Hampshire residents and visitors to be 'tick aware' this summer includes new leaflets on how to prevent tick bites and reduce the risk of contracting Lyme disease.

Part of a national programme by Public Health England (PHE), the campaign aims to raise awareness of Lyme disease and other tick-borne illnesses among health professionals and the public. Ticks are small, spider-like creatures most common in late spring, summer and autumn. A tick is the size of a poppy seed and once detected, it is important to remove the tick with tweezers as soon as possible to reduce the risk of getting bitten and becoming ill. Most ticks do not carry the infection but any area where ticks are present could be a potential risk for Lyme disease.

Dr Ruth Milton, Hampshire's Director of Public Health said: "We want people to go out and enjoy the countryside this summer but it's important to be aware of ticks which can bite and lead to unpleasant illnesses such as Lyme disease. The new leaflets help explain the risks and how to avoid and treat tick bites.

"As there is currently no effective vaccine against Lyme disease, the most important ways to protect yourself and your family are by being 'tick aware', avoiding tick infested areas, wearing the right clothing where ticks are more common and quickly removing any attached ticks.

"Not all tick bites result in disease, but some can transmit bacteria that cause diseases such as Lyme disease, which can lead to very serious conditions if left untreated. Symptoms of Lyme disease can include a circular rash, tiredness and muscle and joint pain.

"Lyme disease can be contracted in parks, gardens and rural areas across most of the country, and is common in areas such as the New Forest and South Downs. Therefore it is important to raise awareness of this disease amongst our residents and those who visit the area."

Since June 2012 1,928 samples from Hampshire have been tested for Lyme Disease by Public Health England's Rare and Imported Pathogens Department at Porton Down. Of these, 190 were found to be positive for Lyme Disease - approximately 10%. Most cases occurred between June and August, however not all samples necessarily belong to Hampshire residents as the data reflects samples sent from hospital laboratories within Hampshire rather than residents. The positive rate of around 10% is consistent across the UK.

Cases are often the result of outdoor activities including camping, walking, hiking and mountain-biking, where tick exposure is more likely.

- [A factsheet providing important health advice and some basic precautions is available from PHE](#)

Kind regards and stay safe and secure.
