

To consider the structure and membership of the Committees for the year 2020-21

Dear Councillors,

It's the time of year when the composition and structure of the Parish Council's committees are reviewed and agreed.

I enclose a copy of the latest membership details as well as a copy of the recently approved committee terms of reference for your perusal.

It would be helpful for each member to consider which committees they would like to serve upon for the coming year.

Hopefully these can all be agreed at Monday's meeting.

Please note that our newly adopted Standing Orders (also enclosed) allow the Chairman of the Parish Council to serve on all committees as an ex-officio member if he or she so chooses.

Brendan.
